

GriefShare

Support for those grieving the death of a loved one.

GriefShare is a 13-week video seminar featuring experts on grief recovery topics and small-group discussion time. Each week, you'll learn strategies for navigating your grief journey while connecting with others encountering a similar season in life. Our goal is to provide comfort, understanding and healing in a safe environment. We're here for you and we pray we're able to reveal the love of Christ to you and your family as you grieve.
